

GTCO 2011 - Workshop on Graph Theory and Combinatorial Optimization

[Department of Mathematics](#)

[Shanghai University](#)

October 29-31, 2011

The [Department of Mathematics \(Shanghai University\)](#) and the [Shanghai Operations Research Society](#) will organise a 3-day workshop on Graph Theory and Combinatorial Optimization (GTCO 2011) during October 29-31, 2011. The scope of this workshop will include (but **not** limited to) the following broad topics:

- Graph Theory and Combinatorics
- Combinatorial (Discrete) Optimization
- Approximation Algorithms
- Computational Complexity

We cordially invite you to attend the talks in this workshop.

Plenary Speakers

Beifang Chen, HongKong University of Science and Technology,
Hong Kong

DingZhu Du, The University of Texas at Dallas, USA

ZhiCheng Gao, Carleton University, Canada

Nick Wormald, University of Waterloo, Canada

SanMing Zhou, University of Melbourne, Australia

XuDing Zhu, Zhejiang Normal University, China

The language of the workshop will be English.

Directions to the Baoshan campus of Shanghai University:

The Baoshan campus is at the northern end of Line 7 of Shanghai Metro (subway). See <http://www.shmetro.com>, or [Smart Shanghai metro map](#). Get down at the **Shanghai University** metro station - you will find the North gate of the campus as soon as you leave the metro station.

The campus hotel (Le-Hu building) is just a 2-minute walk from the metro station and the campus North gate. The address of the North gate (if you take a taxi) is 848, Jin-Qiu Road, Baoshan district (Shanghai).

From PuDong (PVG) airport, you can catch the Airport Shuttle Bus (Line 2) to Jing-An Temple. From Jing-An Temple, catch the Line-7 underground metro to the Shanghai University station.

From Hong-qiao airport, catch the Line 2 metro (subway) to Jing-An Temple, then switch to Line 7 metro, which will bring you to Shanghai University.

The office of the Department of Mathematics is located in the F building, in Room F-415. The location of the talks will be announced soon.
